

LIVE, FREE HOMEWORK HELP ONLINE

Douglas County Libraries

<http://douglascountylibraries.org/ResearchLearn>

HelpNow! - Live homework help from expert tutors in math, science, social studies and English, plus writing and reading assistance. Tutoring services also include Test Center, Adult Learning Center, and Foreign Language Lab. Library card required.

Ask Colorado

<http://www.askcolorado.org>

24/7 live, online library help for school assignments. Librarians will not do homework for students but they will find articles, authoritative websites, and readings for students on any topic. Participating library districts.

Algebra.com

<http://www.algebra.com>

Live, free math tutors as well as a math-solving computer!

Ask the Colorado State Library can answer questions about Colorado state government. The library offers reference service to the public by phone, fax, or email.

Homework Help For Military Families

The DOD is offering free online tutoring to children of active duty military via Tutor.com

<http://www.tutor.com/military>

Learn To Be Foundation

Learn To Be provides online tutoring to students in elementary and middle school (Grades K-8) in math, science, and language arts. Any student with a computer and Internet access can receive free tutoring sessions. <http://www.learntobe.org>

ALMOST LIVE

Ms. Lindquist, The Tutor

<http://www.cs.cmu.edu/~neil>

"Miss Lindquist" is a life-like, interactive computer who can help students write expressions for algebra word problems.

NASA Ask-A-Scientist has ready answers to commonly asked questions on astronomy, earth science, and more. A contact page allows students to ask other specific questions. Questions will be answered but not immediately. Not for last minute homework assignments. <http://science.nasa.gov/ask-a-scientist>

NEWTON's Ask A Scientist service is not designed to answer all questions. The focus is on questions from K-12 students and teachers that are not commonly found in reference books, libraries or textbooks.
